

Aqua-Bright Cleaning Ltd - Health & Safety

We are committed to ensuring the safety of your building and its occupants.

Our dedication to health and safety provides you with the assurance that we have all the appropriate policies and procedures in place. This means that we can fulfil our legal obligations and provide a safe working environment.

Before any contract work is undertaken, a full site survey is completed and a copy of the risk assessment and full method statement can be provided to you.

Demonstrating our commitment to Health & Safety, we:

- Are members of the FWC (Federation of Window Cleaners) and abide to its charter
- Have undergone IOSH training
- Hold CSCS (Construction Skills Certification Scheme) cards
- Are currently working towards accreditation with Construction Line & CHAS (Construction Health & Safety)
- Offer all operatives NVQ level 2 training in Window Cleaning and Health and Safety
- Provide appropriate PPE to all operatives
- Use hi-viz signage appropriate to each job along with hi-viz equipment such as hoses and reels where possible
